The knives in the Eva Solo Nordic kitchen series are manufactured according to ancient Japanese traditions that employ the same techniques used more than 2,000 years ago, to produce Samurai swords.

Here, skilled metalworkers have laid 66 layers of Damascus steel around the core, which constitutes the 67th layer. The result is a sharper, harder and more balanced knife.

This allows you to work with greater precision and control, whether you are trimming a steak, chopping vegetables or cutting bread.

Make a virtue of hand hygiene and do it in style. With this compact, elegant and fully leak-proof mini-dispenser you can easily carry gel sanitiser in your bag or pocket. The practical lanyard allows you to attach it to your key-ring or bag strap for easy access when out and about.

Easy to refill: twist off the threaded cap and refill. Replace the cap.

Fully leak-proof: twist the spout to the side when not in use. This locks the pump mechanism.

White Line set 3 pcs
1,8l, 2,5l & 3,8l

The White Line series is made of aluminum for optimum heat distribution across the base and up the sides. The pots, saucepan and pans all have a ceramic coating on the outside and an aluminum rim all the way around the top to protect the cookware.

This means that the cookware withstands very high temperatures and is extremely robust and hard-wearing. The inside of the pots and saucepan also has a hard ceramic coating, while the frying pans and sauté pan have a non-stick coating.
